ADRIAN STEEL®

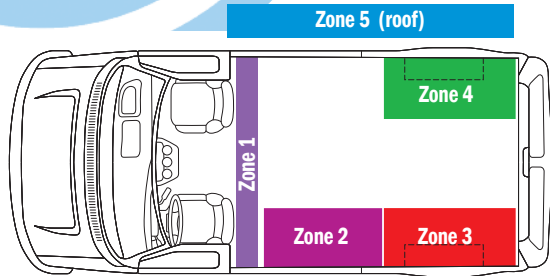

Cargo Management Solutions for Commercial Vehicles

PLAN YOUR VAN

IF YOU ARE LOOKING FOR EQUIPMENT TO ORGANIZE YOUR CARGO VAN, YOU HAVE COME TO THE RIGHT PLACE.

Adrian Steel has all the storage products you will need, and the tools to put them all together to best utilize the space in your vehicle. This catalog is set up to walk you through the product categories as you would add them into your vehicle. Follow these simple steps to create an interior that fits your needs:

Zone 1 Partition

- Choose partition style.
- Choose the standard or 3" setback wing kit for the Econoline.
- Add accessories on both cab and cargo sides.
- **I need:**

Zones 2, 3, 4 Curbside & Streetside

- Use layout diagrams to determine the amount of space available.
- Choose from a variety of shelving units and modules that will best organize the tools and equipment you need to carry.
- **I need:**

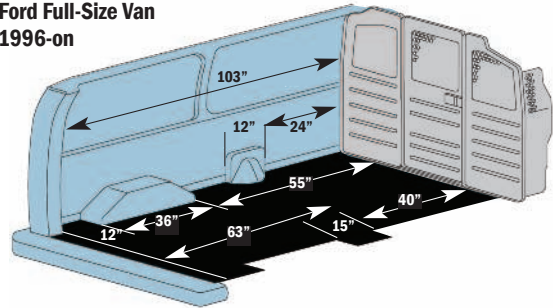

Zone 5 Roof

- Determine what will be carried: ladders, sheet goods, conduit, etc.
- Choose from LoadsRite, Grip-Lock, Utility and Cargo racks.
- Add rack accessories including step ladder kits, ratchet straps, conduit carriers and more.
- **I need:**

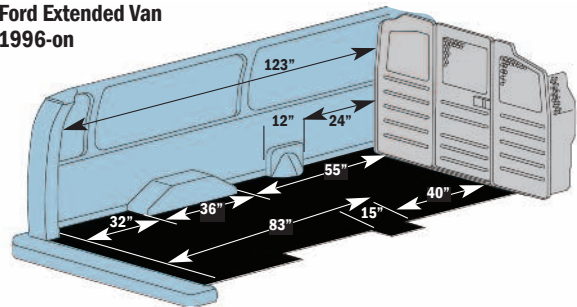

Additional Storage

- Determine the space needed for specialty equipment: tank racks, lockers, reel holders, Stow-Alls and more.
- Add accessories including door kits, drawer units, hooks and more.
- **I need:**

Ford Full-Size Van 1996-on

Ford Extended Van 1996-on

Get Cash Back from Ford On Adrian Van Upfits and Pickup Equipment.

Qualified commercial customers can receive a reimbursement from Ford on Adrian Steel upfits with the purchase or lease of new E-Series cargo vans through the Ford Truck Commercial Connection Program.

Get the van equipment you want and quick. Before you take delivery of your new Ford van contact your local Adrian Steel distributor to select the equipment or package that fits your exact needs.

Bring in the equipment quote or invoice to your Ford dealer. The dealer will process your available reimbursement through the Ford Truck Commercial Connection Program. If needed, the dealer will arrange the upfitting of the equipment and you'll be ready to go. See your local Ford dealer for program qualifications and eligibility.

For more information about the Ford Truck Commercial Connection Program and the name of your local Adrian Steel distributor call 1-800-677-2726.

ADSERIES SHELVING

Adjustable shelves

Tools, equipment and cargo come in all shapes and sizes and until now, there hasn't been a shelving unit that is truly adjustable. The ADseries is the first of its kind where, with only a screwdriver, you can simply remove the front shelf bolts and move the shelf where you need it. Shelves can be adjusted in one inch increments and provide the most flexible shelving solution available. The ADseries is 46" high by 14" deep and comes in lengths of 32", 44" and 50" wide.

Truly Adjustable Shelves All you need is a phillips screwdriver! Simply remove two bolts from the speed nut clips that come with the shelf, tilt the shelf upwards, move the shelf to your desired location, insert the rear shelf studs, reattach the bolts and you're done!

Rear Shelf Studs unique design lock shelves in place!

ADaptable interior

Everyone likes to set their work van up their own way. The new ADseries shelving lets you position the shelving where you need it. Exclusive to the ADseries, the unique rail system enables you to reposition the shelving in the van, increasing the available space for trade specific equipment. All of this is done without removing bolts, plugging holes and redrilling the van!

Add accessories

Businesses change over time and your van interior should be able to change with your needs. Plug and Play shelves have prepunched holes that allow adding storage solutions easily! ADseries dividers simply snap in place, drawer units simply bolt in and door kits can be added to lock your more valuable parts and equipment. Many Adrian Steel accessories can be added to the ADseries shelving with the rail adapter kits and end panel brackets.

ADseries Shelf Units and Rail Kits

Model	Size/Description
AD32FP	14"D x 32"W x 46"H
AD44FP	14"D x 44"W x 46"H

Ford Econoline Poly Liner Kit

Protect your Ford Econoline with this new Poly Liner Kit from Adrian Steel!

- Fit and finish of Adrian Steel's Poly Liner is superior to other van liners.
- Poly Liner protects valuable cargo during transportation. Cargo vans equipped with Adrian Steel's liner protects the interior appearance of the van itself.
- Molded liner conforms to the shape of the van walls.
- Seamless one piece street and curbside panels provide a clean fit and finish. The rear corners of the van have their own corner panels. Pre-cut holes for the jack.
- Compatible with Adrian Steel shelving.
- Side and rear door panels currently not available.
- Liners designed to work with OEM or after market floor mat.
- Liner Kit Package includes wall liner panels, headliner, E-track and straps.
- Available for long and extended long wheelbase Ford Econoline full size vans.

Note: Vehicles with rear air will require major modifications to accommodate liner.

See page 11.

TRANSIT CONNECT PARTITIONS

TRANSIT CONNECT PARTITIONS ARE DESIGNED TO BE STONG AND LIGHTWEIGHT.

Five styles are available for your particular business needs. Perfect for mounting accessories and safety equipment for easy access.

P2TCFW Full Wire Mesh Partition

- Provides maximum visibility while safeguarding your van cab area against moving, shifting cargo.
- Recessed design allows for maximum adjustability of your driver and passenger seats.
- Lightweight and economical, without sacrificing safety and security.
- Partition weight: 19 lbs.

P2TCW Wire Mesh Partition

- Provides maximum visibility while safeguarding your van cab area against moving, shifting cargo.
- Recessed design allows for maximum adjustability of front seats.
- Steel header and full perimeter wings provide optimal security and prevents access to the cargo doors from the cab area or vice versa.
- Partition weight: 40 lbs.

Note: WKTC wing kit required and sold separately.

P2TCS Steel Partition

- Features all steel panels to safeguard the cab area against moving or shifting cargo.
- Recessed design allows for maximum adjustability of front seats.
- Perforated window provides full visibility of your cargo area and rear windows.
- Steel header and full perimeter wings provide optimal security.
- Partition weight: 55 lbs.

Best for noise reduction and climate control.

Best for noise reduction and climate control.

Note: WKTC wing kit required and sold separately.

P2TCH Hybrid Partition

- Features a honeycomb panel that provides strength and light weight design to safeguard the cab area against moving or shifting cargo.
- Recessed design allows for maximum adjustability of front seats.
- Perforated window provides full visibility of your cargo area and rear windows.
- Steel header and full perimeter wings provide optimal security.
- Partition weight: 50 lbs.

Note: WKTC wing kit required and sold separately.

TWO-POSITION PARTITION FOR TRANSIT CONNECT WAGONS OFFERS EVEN MORE OPTIONS.

This perforated partition can be used behind the rear Transit Connect seats, or can be slid forward with the seats folded up, gaining 20" of additional cargo space.

P22PTC Two-Position Partition

- Features strong steel construction and is the most flexible partition available.
- Designed to work with the fold up rear seats of the Transit Connect.
- When additional cargo room is needed, the P22PTC's flexibility makes moving to the forward position easy.
- To move the partition forward, move the rear seats into the folded position. Then, simply loosen the two hand knobs at either side of the partition, and with help from the heavy duty ball bearing slides, easily slide the partition forward into position and retighten the hand knobs.
- Features a wire mesh top that allows for maximum visibility.

TRANSIT CONNECT PACKAGES

4522 POLY LINER PACKAGE

Minimize the damage to your Transit Connect with the Poly Liner Package. The liner is molded to conform to the shape of the Transit's walls, and runs from floor to the headliner for a neat installation. E-track and straps are included for securing large cargo. The liner is designed to work with the OEM floor mat and a plywood floor. Easily add accessories including trade specific solutions, ladder racks, window screens, and more through your local Adrian Steel distributor.

The Poly Liner Package includes two poly wall panels, two full length E-tracks and two straps. Partition not included. Choose from steel, wire or hybrid partitions.

4529 INTERMEDIATE PACKAGE

The intermediate package features one AD32TC shelving unit (32"W x 46"H x 14"D) with three truly adjustable shelves. Shelves can be adjusted to your specific cargo needs in less than a minute. The precision stamped end panels and shelves provide lightweight, rugged and dependable storage. The intermediate interior provides 9.33 square feet of shelf space. One floor rail and one belt line rail is provided on the opposite side to secure cargo with two adjustable tie down hooks. Straps not included. Easily add essential accessories listed or choose additional accessories including trade specific solutions, ladder racks, window screens, and more.

Package weight: 61 lbs.

4530 FULL PACKAGE

The full package features two AD32TC steel shelving units (32"W x 46"H x 14"D) each with three truly adjustable shelves. Shelves can be adjusted to your specific cargo needs in less than a minute. The precision stamped end panels and shelves provide lightweight, rugged and dependable storage. The full interior provides 18.66 square feet of shelving space. Easily add essential accessories or choose additional accessories including trade specific solutions, ladder racks, window screens, and more.

Package weight: 113 lbs.

4531 PREMIUM PACKAGE

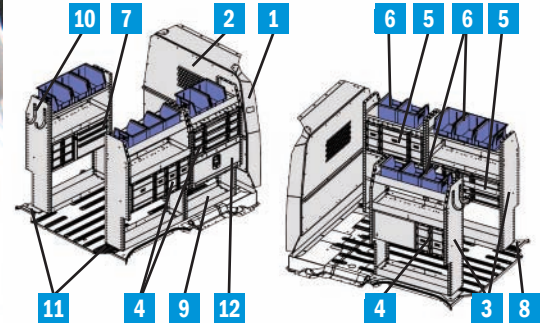

The premium package features two AD32TC steel shelving units (32"W x 46"H x 14"D) with three truly adjustable shelves. Shelves can be adjusted to your specific cargo needs in less than a minute. The precision stamped end panels and shelves provide lightweight, rugged and dependable storage. Package includes one #919 combination three drawer unit and one DC12 three drawer unit. Also includes one TA1 four hook bar mounted on the curbside rear panel that is perfect for extension cords and hoses. Easily add essential accessories listed or choose additional accessories including trade specific solutions, ladder racks, window screens, and more.

Package weight: 156 lbs.

TRANSIT CONNECT LADDER RACKS

GRIP YOUR LADDERS SECURELY WITH ADRIAN'S LOCKING STYLE LADDER RACKS.

Grip-Lock racks protect the sides and roof of your van during loading and unloading ladders. All Grip-Lock racks feature a lockable, gripping mechanism which firmly secures two ladders to the top of the van. Racks easily adjust for ladders of different sizes. The Transit Connect Grip-Lock features a no drill installation, composite extrusions on front and rear crossbows and uprights to protect ladders, and an all aluminum design for lasting quality within arms reach! The 63-TC shown below weighs under 40 lbs. to maximize the 150 lb. payload of the roof of the Transit Connect.

63-TC Double Lock Down

Transit Connect Grip-Lock Ladder Racks

Grip-Lock Ladder Racks	Model	Weight
SERIES 61 Single Lock-Down-curb-side	61-TC	30 lbs.
SERIES 63 Double Lock-Down	63-TC	40 lbs.
Third Bar Step Ladder Kit	1BTCGL	6 lbs.
Double Lock Down Conversion Kit for 61-TC	61TCSSGL	10 lbs.
Utility Rack Conversion Kit for 61-TC	61TCSSUR	5 lbs.

Features & Benefits

- Heavy-Duty actuating arm firmly grip ladder rungs to prevent shifting of ladder on rack.
- Gripping mechanism is lockable.
- Composite extrusions on front and rear crossbows and uprights protect ladders.
- Rung grips easily adjust to accommodate different types of ladders.
- All aluminum design.
- Mounts to pre-existing holes in roof. No drilling required.

Note: Due to the weight capacity of the roof of the Transit Connect, the LoadsRite, Grip-Lock and Utility racks for the Transit Connect have a 150 lb. weight capacity.

Note: Grip Lock and Utility racks for Transit Connect will accommodate up to a 24 ft. extension ladder.

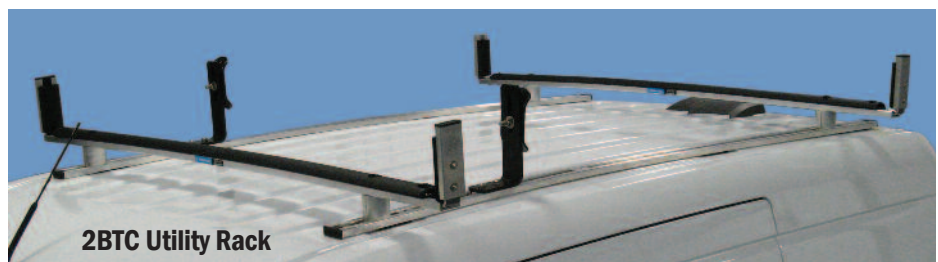

MAKE YOUR TRANSIT CONNECT EVEN MORE VERSATILE WITH ADRIAN STEEL UTILITY RACKS.

The most flexible rack in the market, the 2BTC features an all aluminum design that allows you to maximize the 150 lb. payload of the roof of the Transit Connect. No drill installation and an innovative rail system allows the user to easily reposition the crossbows where they are needed. The 2BTC shown below weighs 20 lbs.

Transit Connect Utility Racks

Aluminum Utility Rack	Model	Weight
Two Bar Utility Rack, Aluminum Finish	2BTC	20 lbs.
Center Bar, Aluminum Finish	1BTC	6 lbs.

2BTC Utility Rack

TRANSIT CONNECT LADDER RACKS

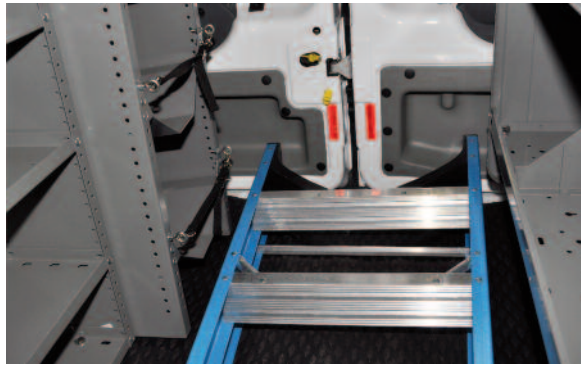

STORE A 6 FOOT LADDER INSIDE YOUR TRANSIT CONNECT EQUIPPED WITH A PARTITION WITH TRANSIT CONNECT STEP LADDER PANELS.

This simple, yet effective solution replaces the existing rear door panels with panels that allow for the ends of the ladder to nest in the rear doors while protecting the wiring and locking mechanisms of those doors. The SLPTC Step Ladder Panels for Transit Connect are a safe, easy and economical way to fit a six foot step ladder inside a Transit Connect with a partition. The concave shape of the SLPTC panels allows the feet of the step ladder to extend into the rear doors. Another innovative product design from Adrian Steel!

SLPTC Features & Benefits

- Keep ladders inside and out of the elements.
- Does not add height to the vehicle, limiting access to parking structures.
- Replaces existing rear door panels
- Concave shape allows ladder feet to rest inside door.
- Protects door wiring and locking mechanisms.

THE CONVENIENCE OF THE LOADSRITE LADDER RACK FOR YOUR TRANSIT CONNECT!

Adrian's LoadsRite Ladder Racks easily raise and lower to eliminate the need to climb, stretch or reach for your ladder. The unique design of the LoadsRite presents the ladder in a diagonal position bringing it to a comfortable working height...the right way to load and unload ladders.

LoadsRite Features & Benefits

- Aluminum bed frame, cast aluminum grab handle, stainless steel latch and all stainless steel fasteners.
- Allows side and rear door access while in the up or down position.
- Ladders can be padlocked for security.
- Hydraulic speed damper gently lowers ladder bed.
- Steel-Cote™ diamond-hard powder coat finish-for quality.
- Easy operation from the side of the vehicle.
- There are no straps to deal with, clamping of ladder is automatic.
- Rear bed lowers to present ladder at a convenient position.

Transit Connect LoadsRite Ladder Racks

LoadsRite Ladder Racks	Model	Weight
Single LoadsRite Ladder Rack - curbside only	LR6100TCC	76 lbs.
Combo LoadsRite Ladder Rack	LR6400TCC	88 lbs.
Single LoadsRite Add-On Kit for Grip-Lock Ladder Racks	LR61GPTC	12 lbs.

Note: Due to the weight capacity of the roof of the Transit Connect, the LoadsRite, Grip-Lock and Utility racks for the Transit Connect have a 150 lb. weight capacity.

Note: Grip Lock and Utility racks for Transit Connect will accommodate up to a 24 ft. extension ladder

STORE LADDERS INSIDE YOUR ECONOLINE WITH THE LADDER KEEPER.

Designed to be loaded from outside the vehicle, the Ladder Keeper features a spring-loaded clamp that holds the ladder securely in place. Just set the top of the ladder in the front clamp bracket and push it forward until the bottom of the ladder sits in the rear clamp bracket. Can be mounted to the ceiling or wall of the vehicle and includes all parts needed to carry up to a 8' ladder. An extension kit is available for longer ladders.

Ladder Keeper includes all parts needed to carry up to a 6' ladder in a regular wheelbase van and an 8' ladder in a long wheelbase van. To accommodate larger vehicles or ladders, you will require the LKX extension that provides 4' of additional track.

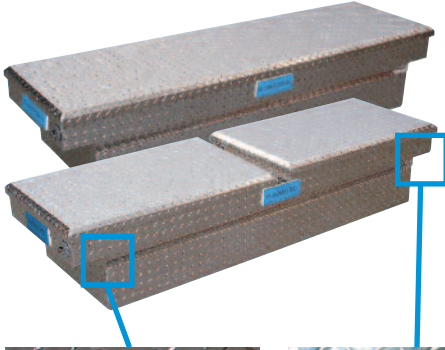

- A** Plastic coated clamps protect ladder rungs.
- B** Gas spring compresses ladder for quiet and secure transportation.
- C** Extruded track makes loading and unloading simple.

How to order tool box envelope

Rack dimensions for A (inside length) and B (inside height) are contained in the Load Runner rack fit Chart. Dimensions show available area for mounting cross and side boxes. Side rail height is 8" above cross supports. Cab over extension is 47" for regular cab models and 67" for extended cab models.

Note: Exterior ladder rack and accessory equipment can cause increased cab area noise on vans and pickups.

Load Runner rack fit

Please state make, model, year and length of pickup bed when ordering.
